## **DETAILED ACTION**

### ***Claim Rejections - 35 USC § 112***

1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 1-115 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The invention is a simple tool with only one embodiment comprising two elements, thus 115 claims clearly involves undue multiplicity (MPEP 2173.05(n)). Applicant is required to elect no more than 30 claims on which he wishes to continue prosecution.

### ***Information Disclosure Statement***

3. The information disclosure statement filed 03 July 2003 listed the wrong patent number for the first patent, thus it will not be made of record. The IDS filed 23 January 2004 is correct and is made of record and considered.
4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to James G. Smith whose telephone number is 703-308-1746. The examiner can normally be reached on M-Th (7:05- 4:35) Fri. off.
